Join us for a meeting of the Energy, Water & Environmental Sustainability Council.

**Marcie Edwards on
LADWP's Revenue
Requirements**

Special Guest:

Friday, July 17
10 - 11:30 a.m.

L.A. Area Chamber
350 S. Bixel St.
Los Angeles, CA 90017

The Los Angeles Department of Water & Power is modernizing its aging water infrastructure, developing local water supplies, improving its customer service system and replacing a large portion of its power supply to comply with environmental mandates.

Join us for this council meeting to hear General Manager Marcie Edwards and her senior staff discuss these efforts and the additional revenue needed to fully implement this transformation.

The Energy, Water & Environmental Sustainability Council focuses on actions to spur clean and green tech innovations, ensure cost-effective water and power delivery, and promote economic growth through sustainable, pro-jobs energy and environmental policies. The Transportation & Goods Movement Council addresses all issues related to our region's mobility - highway, rail, air and transit.

All Council meetings are open to Chamber members only. Media and guests are only allowed with prior approval.

Marcie Edwards
General Manager
Los Angeles Department of
Water & Power
